- Was the Lance Copal of Sacred Heart Convent Nursing Cadet Division.

INTERESTS

- Music
- Travel
- Camping
- Photography
- Pets
- Movies
- public Speaking

Snake-and-Ladder-Game

- This project is a fun way to practice JavaScript programming skills and to enjoy a classic board game with friends or family online. Feel free to fork and contribute to this project to add more features or improve existing ones
- Technology Stack - HTML,CSS,JS
- GitHub Repository -

<https://github.com/kadeejamansoor/Snake-and-Ladder-Game.git>

Hostel_Management_System-D24

- This system aims to streamline the management of hostel accommodations for university students. It provides features for student registration, room reservation, and fee management.
- Technology Stack - Java, JavaFX
- GitHub Repository -

<https://github.com/kadeejamansoor/Snake-and-Ladder-Game.git>

Shoe Shop management System

- This system aims to streamline the management of items, customer details . employee details etc.
- Technology Stack - Java, Spring, JPA, Web MVC, HTML, CSS, JavaScript, Bootstrap, Hibernate, MYSQL
- GitHub Repository -

<https://github.com/kadeejamansoor/Shoe-shop-management-system.git>

Talking Bot

- This is a online chat bot with Voice with the JavaScript and API technology
- Technology Stack - ,HTML, CSS, JavaScript, Bootstrap,
- GitHub Repository -

<https://github.com/kadeejamansoor/Talking-bot.git>

Green House Management System

- IoT-based Greenhouse Management System Overview
In a collaborative team project at IJSE, we developed an innovative IoT-based Greenhouse Management System aimed at transforming the way greenhouses operate
- Technology Stack - Java, JavaFX ,MySQL
- GitHub Repository -

<https://github.com/kadeejamansoor/greenhouse.git>

My Portfolio

- The website is created to showcase my portfolio
- Technology Stack - HTML, CSS, JavaScript
- GitHub Repository-

<https://github.com/kadeejamansoor/MyProtfolio.git>
